IMPORTANT NOTES

- All required documentation must be arranged by the shipper/owner prior to the pet's arrival.
- Pets must be shipped in an IATA-approved cage with proper bedding and a water bottle.
- The cage must be strong, secure, and of adequate size for the pets.
- Four Winds Saudi Arabia Ltd shall not be held responsible for pet mortality during transport to the destination.

Please note that if the pet is accompanied by the owner in the cabin as accompanied baggage, no customs clearance services are required. In this case, our scope of service will be limited to securing the import permit only.

Upon arrival at the airport, the owner must collect the pet from the conveyor belt and present all required documentation to the customs official after completing immigration formalities for the release of the pet.

The import permit processing time is approximately ten (10) working days, and the permit will be valid for one (01) month from the date of issuance.
